PROFESSIONAL SUMMARY

Information Technology student at the Institute of Technology, University of Moratuwa, with hands-on experience designing and building full-stack web applications, RESTful services, and database systems. Proficient in Java, Spring Boot, Python, PHP, Flutter, and MySQL, with practical project experience in cloud synchronization, IoT health monitoring, and AI/ML. Combines strong technical foundations with problem-solving abilities, adaptability, and teamwork.

EDUCATION

Institute of Technology, University of Moratuwa — Homagama, Sri Lanka
Higher National Diploma in Information Technology — **2023 – Present**
Dharmaraja College — Kandy, Sri Lanka
GCE Advanced Level — **2022**

PROJECTS

Sentinel Care: Smart Medical Wristband & Wearable Health System (Final Year Project)
Technologies: Python, Flutter, Firebase, IoT

- Implemented a predictive analytics & risk-prediction module in Python to analyze vital parameters and trigger automated alerts.
- Developed an end-to-end wearable health monitoring system with cloud sync and real-time data handling using Firebase and Flutter.

Employee Leave Management System
Technologies: Java, Spring Boot, MySQL, REST APIs, Postman

- Built a scalable backend system using Java and Spring Boot to streamline employee leave requests, approvals, and records.
- Designed RESTful APIs, business logic, and database schemas in MySQL, tested comprehensively via Postman.

Food Ordering Web Application
Technologies: PHP, MySQL, JavaScript, HTML, CSS

- Developed a dynamic web-based food ordering platform featuring menu management, cart processing, and order tracking.
- Built responsive frontend interfaces with HTML, CSS, and JavaScript integrated with a PHP and MySQL backend for order persistence.

CERTIFICATIONS

- **AI/ML Engineer – Stage 1**
  Centre for Open and Distance Education, SLIIT
- **Getting Started with Docker**
  Simplilearn
- **JavaScript Essentials 1**
  Cisco Networking Academy
- **Fundamentals of Machine Learning and AI**
  Coursera

SKILLS

Languages & Frameworks: Java, Python, PHP, JavaScript, Spring Boot, Flutter, React, HTML/CSS
Databases, Cloud & Architecture: MySQL, Firebase, REST APIs
Tools & Platforms: Docker, Git, GitHub, Postman, MySQL Workbench, VS Code, IntelliJ IDEA, Google Colab
Soft Skills: Problem Solving, Teamwork & Collaboration, Adaptability, Clear Communication
